

Reduced Inequalities			
Topic	Sub-topic	Concept	Concept
collective disparities	disparities research	financial crisis of 2008	inequality in mortality
health care disparities	immigrant integration	leading studies	income redistribution
healthcare disparities	racial discrimination	inclusive teaching	employment discrimination
economic disparities	social inequalities	migration control	earnings gap
racial and ethnic disparities	medical enrollment	web apps	the global financial crisis
racial equity	medical care	immigrants	substandard housing
centers for medicare and medicaid services	gender inequality	medicaid recipients	inequality and poverty
health disparity	refugees and asylum seekers	banking crisis	social insurance
centers for medicare and medicaid	people with vms	banking crisis	perceived racial discrimination
economic inequalities	refugees and asylum	forced migrant	ethnic tensions
centers for medicare & medicaid	age distribution	immigration status	racial and socioeconomic disparities
centers for medicare & medicaid services	age differential	health coverage	racial and socioeconomic disparities
medicaid claims	health insurance	global migration	racial/ethnic disparity
patients with autism	the 2008 financial crisis	asylum seekers and refugees	labor migrants
disparities in health	immigration policies	racial health disparities	banking supervision
gender disparities	transnational migration	migration policy	integration of immigrants
gender disparity	undocumented migrant	skilled migration	equality policies
care disparities	health distribution	migrants flow	education management
educational inequalities	adverse workforce	labor migration	inclusion policies
patients with autism spectrum disorder	ethnic inequalities	universal health	discrimination law
ethnic disparities	affordable housing	educational disparities	equity and social justice
health inequalities	forced migration	gender pay gap	progressive tax
health inequality	inequality in health	neoliberalism discrimination	income inequality
medicaid expansion	pay gap	ethnic health	prudential regulation
health care access	universal housing	ethnic disparities	economic regulation
inequalities in health	economic disparity	oral health disparities	antis-discrimination
medicaid beneficiaries	skilled migrant	skilled workers	integration control
disparities health	migration policies	bank stability	current financial crisis
economic disparities	social justice crisis	economic gap	labor migrants
immigration crisis	age differential	economic mobility	subprime
health inequality	economic inequality	forced migrants	regulatory capital
centers for medicare and medicaid services (cms)	economic inequality	ethnic health disparities	public housing residents
universal health coverage	capital	return migrant	credit register
healthcare access	the minimum wage	disparities in healthcare	financial stability
economic inequality	health disparities research	economic inequality	the financial crisis
socio-economic inequalities	social justice	banking regulation	slope index of inequality
access to healthcare	inclusive labor	immigrant migrant	social integration
medicaid coverage	centers for medicare & medicaid services (cms)	international migrants	class inequality
access to healthcare services	access to health care	anti-discrimination	place discrimination
educational inequality	health inequality	equality of opportunity	neoliberalism migrant
universal policies	employment	social mobility	equality of opportunity
economic inequalities	social participation	impaired worker	production of income
universal health care	gender inequality	ethnic segregation	based committee
gender inequalities	diversity	diversity	bank risk ratings
disparities in health care	anti-money laundering	social integration	relative index of inequality
mental health disparities	undocumented migrants	inclusion policies	income distribution inequality
medicaid managed care	capital requirements	base II	universal healthcare system
universal healthcare	financial instability	income disparity	skilled migrant
ethnic discrimination	disability discrimination	health crisis	class inequalities
vocational school	minimum wage	social equity	gender equity
ability in health	racial justice	financial shock	equity in health
age inequality	ethnic segregation	financial crisis	inequality in distribution
medicaid population	public housing	inclusive society	burn wage
inclusive classroom	alleviate poverty	return migrants	students with aid
social disparities	social inequality	bank failure	medical specialties
social housing	inclusive development	age growth	social justice education
racial disparities	equal opportunities	base I	wage increase
inclusive needs	center for medicare and medicaid services	and social justice	economic regulation
universal health coverage (uhc)	debt financial crisis	migration enforcement	integration law
social inequalities in health	migrant flow	affirmative action	ethnic inequality
educational inclusion	immigration flows	immigrant migrants	health disparities
medicaid claims data	international migrant	income distribution	amenities with disabilities act
patients with disabilities	immigration policy	immigration enforcement	refugee protection
ethnic disparity	poverty alleviation	poverty reduction	financial turmoil
access to health care services	social inclusion	inclusive schools	inclusive community
undocumented migrant	gender mobility	impaired work	temporary migrant
social equity	refugee status	financial crisis	aid recipients
health employment	social inequalities	immigrant migration	immigrant recipients
migrant integration	skilled migrants	alleviating poverty	workers with disabilities
gender equity	refugee recognition	financial crisis	skilled migrants
ethnic health disparities	global financial crisis (gfc)	socio-economic disparities	wage discrimination
income gap	reducing poverty	equal opportunity	economic justice
educational equity	capital adequacy	impaired labor	subprime mortgage crisis
health equity	health inequality	financial regulation	inclusive learning environment
social inequalities	income distribution	bank regulation	race disparities
undocumented immigrants	money laundering	lowered social mobility	health care access
age inequality	intergenerational mobility	labor migrant	wage increase
current financial crisis	migrant flow	index of inequality	global financial crisis
age gap	poverty and inequality	labor migrant	capital adequacy ratio
gender discrimination	immigrant sector	universal health care system	labor migrants
prudential regulation	family reunification	care access	income distribution
ethnic discrimination	health inequalities	racial disparities in health	medical management
health inequalities	2008 global financial crisis	economic and financial crisis	inclusion policy
education inclusion	socio-economic inequality	immigration detention	anti-money laundering (aml)
workforce diversity	immigrant workers	immigration migration	affirmative action policies
return migration	financial contagion	medicaid/medicaid	renewal/extension
social inequality	labor migration	migration regime	integration of migrants
2008 financial crisis	remittance	earnings inequality	asylum seekers
medicare and medicaid	healthcare equity	healthcare equity	equality of opportunities
medicare and medicaid	social segregation	socioeconomic inequalities in health	undocumented student
inequalities in health	generational mobility	migrant labor	religious discrimination
inclusive education	social justice issues	targeted poverty alleviation	financial regulator
racial inequality	social justice	distribution of wealth	based accord
minimum wage	age differences	income mobility	undocumented students
subprime crisis	disability policy	medicaid program	sex discrimination
gender discrimination	return/seaboard	immigration integration	equity in education
bank risk	banking stability	financial shock	bank umbrella

Reduced Inequalities				
Topic	Area	Policy	Area	Policy
inclusive pedagogy	banking stability	banking stability	gender equality	insurance gaps
socioeconomic inequalities	gender equality policies	gender equality policies	public housing development	wealth redistribution
racial residential segregation	migrant integration	migrant integration	barriers to health care	barriers to financing
bank failures	medical policy	medical policy	medical spending	students with and without disabilities
legal immigrant	macroprudential policy	macroprudential policy	disability policies	tobacco-related health disparities
financial crisis	global financial crisis	global financial crisis	school enrollment	unequal distribution of earnings
financial supervision	inequalities in education	inequalities in education	pay equity	migrant integration policy
global immigration	political inclusion	political inclusion	female migrant workers	justice education
disabilities act	earnings differentials	earnings differentials	gender workers	poverty measures
migrant settlement	family algebra	family algebra	immigration reform	barriers to health
the americans with disabilities act	social disability	social disability	inclusive workplaces	disparities in the
disabled worker	legal migration	legal migration	earnings differentials	us financial crisis
equity in education	affirmative action	affirmative action	financial rights	affirmative action
income related	income related inequalities	income related inequalities	educational attainment	educational attainment policies
barriers to health care access	post financial crisis	post financial crisis	socioeconomic differentials	uninsurance
migration policies	medical policy	medical policy	education equity	food bank act
asylum policy	refugee integration	refugee integration	economic migration	basic medical
children's health insurance	health systems	health systems	racial and ethnic health disparities	educational income gap
inclusion policy	students with disability	students with disability	franchising of terrorism	medical access
macroprudential	financial regulation	financial regulation	access to health care	international migration
international financial crisis	capacity building	capacity building	inequality index	economic growth and poverty reduction
barriers to healthcare access	mental health inequalities	mental health inequalities	inclusive schooling	advisory calls
financial criteria	medical review	medical review	migration controls	social justice movements
financial system	undocumented migration	undocumented migration	m7 indicators score 17/19	health and social inequalities
global financial crisis of 2008	temporary migrants	temporary migrants	highly skilled migration	access and utilization
equity in education	highly skilled migration	highly skilled migration	inclusion classes	age difference
migrant workers in china	asylum seeking children	asylum seeking children	economic inclusion	pay inequality
equity in health care	anti-discrimination law	anti-discrimination law	economic inclusion	students' disabilities
healthcare diversity	housing inequality	housing inequality	legal migrant	equal employment opportunity commission
crisis of 2008	inequalities in health care	inequalities in health care	international remittances	china's trade
child health insurance program	immigrant status	immigrant status	regulatory in health care	universal health care coverage
age discrimination	undocumented status	undocumented status	medical expenditures	basic risk
education law	inclusive practices	inclusive practices	health inequalities	equal pay
asylum application	barriers to healthcare	barriers to healthcare	undocumented immigration	economic crisis
childhood banking	remittance flow	remittance flow	immigrants' financial inclusion	immigrants' financial crisis
legal migration	migrant remittances	migrant remittances	gender wage gaps	equal pay
migration movements	asylum process	asylum process	asylum policies	immigration policies
employees with disabilities	financial process	financial process	asylum policies	basic migrants
equity policy	equal employment opportunity	equal employment opportunity	afghan development bank	experiences of discrimination
poverty reduction strategy	economic inequality	economic inequality	gender supervision	economic inclusion
poor-poor growth	social justice and equity	social justice and equity	asylum procedure	access to the
international migrants	financial flows	financial flows	financial capabilities	health supervision
shadow bank	health care disparity	health care disparity	regional income inequality	measures of inequality
disabled workers	temporary migration	temporary migration	social gradient	income and wealth
comparative disparity	1997 asian financial crisis	1997 asian financial crisis	chinese migrant worker	cost-benefit act
economic migrant	social justice movement	social justice movement	universal access to health care	rising inequality
medical-related children	gender inclusion strategies	gender inclusion strategies	hiring discrimination	employment opportunity
system	basei committee on banking supervision	basei committee on banking supervision	civil rights act	inequalities
educational inequality	national minimum wage	national minimum wage	macroprudential regulation	gender wage differential
distribution inequality	inclusive practice	inclusive practice	access to health	equal rights
racial equality	proportionality measures	proportionality measures	pay differential	barriers to financing
equal remittance	discrimination at work	discrimination at work	anti-discrimination law	inequality trend
social housing	financial services task force	financial services task force	the affordable care act	quality education
social identity	healthcare disparity	healthcare disparity	inequality indexes	inclusion and participation
health care access and utilization	social housing sector	social housing sector	chinese migrant workers	immigrant policies
student participation	state law	state law	gender inequality index	health care inequalities
subprime mortgage	civil rights movement	civil rights movement	inclusive learning environments	healthcare disparities
banking risk	health status disparities	health status disparities	medical care	migration policies
health gap	income-related inequality	income-related inequality	socioeconomic mobility	financial inequality hypothesis
gender-based discrimination	healthcare inequalities	healthcare inequalities	affirmative action	gender equality policy
health measures	affirmative action	affirmative action	health distribution	health disparities
economic gaps	americans with disabilities act (ada)	americans with disabilities act (ada)	inclusive communities	2007 financial crisis
public housing system	college students with disabilities	college students with disabilities	affirmative action in education	female migrant
economic migrants	remittance flows	remittance flows	banking regulations	comparative wage differential
socioeconomic gap	security law	security law	public housing issues	gender inequality
